Congratulations C.D.A. TEAM!

This year our competitive team has been training 2-4 times per week and their hard work has paid off! They just finished their first competition of the year in Ajax! It was a great performance with excellent feedback from all the judges, bringing home 11 silvers, 16 golds, and 9 platinums! Including special awards too! What a way to start the competition season! We had 36 routines! The costumes looked fabulous and the team really supported each other. Keep up the great teamwork! Our competitive team is very eager to continue their season, and we wish them good luck at the rest of the competitions. We are now heading off to Deerhurst, and Peterborough! If you are interested in finding out more about being on the competitive team please pick up a handout this month from the office or under the notice board!

IMPORTANT REMINDERS

- Students who are more than 15 minutes late for class will NOT be allowed to dance. It disturbs the class, and they are not properly warmed-up! Please respect this rule.
- Also, COMMENTS are always welcome from BOTH students and parents, however during class is **not the appropriate time**, as it takes away from other students. Please phone the studio during the day. Or e-mail Chantal directly at cdadance@rogers.com.
- Reminder NO PARENTS in studio while class is in progress! This includes primary classes!
