March 2011

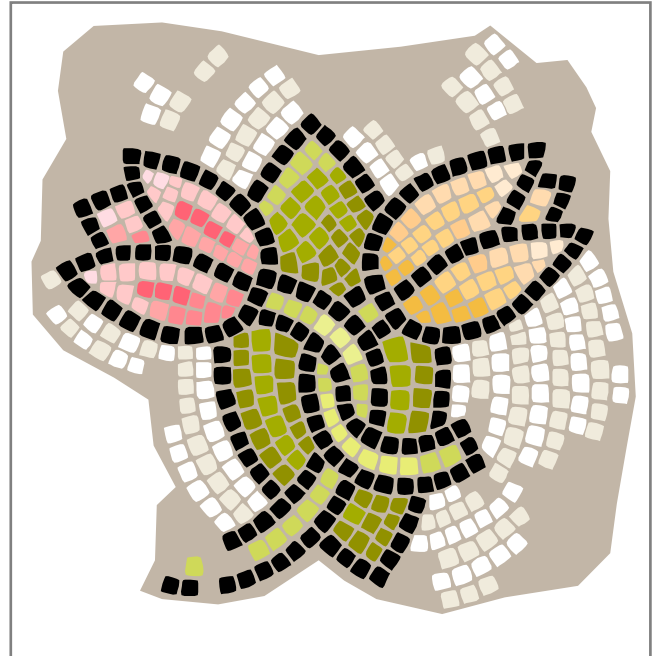

Well folks I have a computer again. One forgets sometimes that it is an important tool in today's society. Well the kids have had a very busy February. We have looked at penguins and polar bears as well the colours pink and red/ We have started working on letters again. The focus will now be on name recognition and tracing the letters in their name.

March will hopefully bring some nice weather for us to enjoy. March Break is just around the corner and we will be off the week of March 14 to the 18th inclusive.

The children and I are continuing on our health quest with activities revolving around purchasing healthy items from a store. The second week of March we hope to have a special guest in to teach us the basics of dance. Please stay tuned for that information.

When we return from the break we will move into the understanding of what spring brings. We look at growing our own flowers, have a florist shop in our class and learning some new spring words.

March promises to be a busy month.
