May 2011

Well another month has flown by and I hope that everyone survived that busy month. The kids had lots to take in with Easter, Our look at Earth Day and Spring bugs.

This month we are going to take some time to look at Animals at the Zoo, Going to the Fair and Mother Goose Nursery Rhymes.

We will review graphing as well learning the letter Z. We will continue learning through our word bank to help the children increase their vocabulary.

There will be several art activities including animal masks and Paper bag puppets. We also explore animal habitats as part of science.

This month as well, I would like to spend some time on teaching the kids sorting in both language and math.

All in all the month is shaping up to be fun and exciting
